ASTORIA SCHOOL BOARD DECIDES ON RESPECTIVE GRADES—THE SCHOOLS WILL OPEN SEPTEMBER 17 AND CLOSE ON JUNE 25

The regular meeting of the Astoria school board took place last night in Superintendent A. L. Clark's office in the city hall. All members were present except F. J. Taylor, who is absent from the city.

The meeting was one of the most important that the board has held for some time as the teachers were assigned to their respective rooms, and the date for opening and closing school definitely fixed. It was decided that the schools should open on Monday, the 17th of September, and close for the Christmas and New Year vacation December 24th; open again on January 2, 1907, and close for the summer vacation on June 25th. This will give ten months for school work.

The list of teachers and their assignments as formally approved by the board. The following four teachers were assigned places subject to the result of the examination which will take place soon: Sallie Gray, Laura Fastabend, Miss Nowlen, and Miss Norberg. As these teachers will undoubtedly pass the examination for state certificates, the list as now made up is practically certain, unless a number who have not signed their contracts as yet fail to do so. All who have not yet signed are required to do so within one week from notification, which will be immediately given by Superintendent Clark. The list of teachers is as follows:

Alderbrook School—C. F. Willcutt, principal; Lena Linn, 1st and 2nd grade, room 1; Sallie Gray, room 2; Laura Fastabend, room 3.

Adair School—Mrs. M. C. Lemon, principal; Mrs. A. E. Huden, room 6; Miss Simnett, room 5; Miss Todd, room 4; Miss Lewis, room 3; Miss Olsen, room 2; Miss Dickinson, room 1.

Olney School—J. W. Kester, principal; Miss Ethel Blinn, sixth grade; Miss Nellie Gerding, fourth and fifth grades.

Taylor School—Miss Barker, principal; Miss Norberg, room 2; Miss Nowlen, room 3; Miss Morton, room 4. Shively School—Mrs. Barry, principal; Miss Garner, room 5; Miss Daly, room 4; Miss Fossett, room 3; Miss Shively, room 2; Mrs. Busey, room 1.

McClure School—Miss Sands, eighth grade; Miss Utzinger, room 5; Miss Powell, room 4; Miss Reynolds, room 3; Mrs. McCormack, room 2; Mrs. A. J. Fulton, room 1.

High School—I. N. Garman, principal; Miss Badollet, first assistant principal; Miss Hulse, second assistant principal; Mr. Diebel, third assistant principal.

Bills for the month were formally approved by the board and ordered paid.

Before the opening of school it is the intention of the board to put in new blackboards in all the schools, as the present ones are in deplorable condition. The board adjourned to meet at the call of the chair.

**"EAST LYNNE"**

**Star Theatre Crowded Again Last Night to See Willard Company.**

The Star theatre was again packed to witness the second performance of "East Lynne." No matter where this beautiful piece is produced it is bound to draw. Mr. Willard was again much in evidence with his great and artistic rendering of the role of "Archibald Carlyle." Mr. Layton again proved himself a very promising young actor, playing the villain to perfection. Miss Shepard, again brought tears to the eyes of most of the ladies present, and shows herself to be an actress of no mean order. The rest of the company did excellently. "East Lynne" will be produced tonight and on Saturday matinee. Thursday night Mr. Willard will produce the "Silver King," he appearing as "Winfred Denver," a part quite different from what we have seen this talented actor in. The piece will be put on with every detail and under the personal direction of Mr. Blanchard.

Park Commission—The city park commission met last night in the council chambers of the city hall. Not much business was transacted. It was decided that hereafter the regular meeting night of the commission should be changed to the first Thursday in each month.

The intense itching characteristic of salt rheum and eczema is instantly allayed by applying Chamberlain's Salve. As a cure for skin diseases this salve is unequalled. For sale by Frank Hart, leading druggist.

Declines Most Gratefully.—Notwithstanding the courtesy and good will of the Regatta committee which conferred the dignity of the admiralty of the Twelfth Annual Regatta upon him, it becomes the unavoidable duty of John Fox to most respectfully decline the honor, for the reason that business of importance calls him from the city this week and will detain him beyond the date set for the festival. He will leave almost immediately for Puget Sound, and from there will go to Lewiston, Idaho, and will not be home in time to even enjoy the allurements of the regatta, let alone figuring as one of its essential officers. He is none the less appreciative of the kindness demonstrated and has only the best wishes for the largest possible measure of success for the committee and the event.

That Theatre License.—There was a good deal of comment on the streets yesterday anent the proposition of the council to raise the theatre license from \$100 per year, to \$300. Many people claim it will deprive the city of all amusements of the sort as no house in that line can stand such a license, and that instead of driving the business out of the city altogether, more revenue had better be exacted from other sources, which are better able to pay it. While others took the ground that the Star, as an example, is a big money-maker, and full to the doors every night, and can stand the raise. Some claim that it is simply a matter of reprisal on the part of Councilman Robinson for courtesies denied him after he had paid for them; and still others maintain it is simply a matter of pure municipal business without personal bias of any sort. There is one thing conceded on all sides, namely, if Mr. Robinson did withdraw from the Star, with his family, because his baby was an annoyance to one of the actors, his money for tickets should have been refunded him on the spot, and probably would have been had Mr. Gevurtz been in the city at the time. The talk was in no wise limited and it was altogether various.

Pessimistic, But True.—A well known fisherman of this city, a man of means, experience and position, yesterday, in discussing the present fishing season with a reporter of the Astorian, was pessimistically candid enough to say that the season to date had been a veritable business "frost" and that unless the run swung in pretty soon there would be several good men badly squeezed in the outcome. That if the run failed altogether and the season closed without any access over present conditions, he knew of a number of people who would be practically ruined. He said, by way of relief however, that even a few days of heavy access would have a saving effect on the situation, so responsive was the business to the palpable increase of fish; but that the abnormal condition that had maintained so far, would make for actual loss in the season's balance sheets. His estimates were in no wise cheerful, but they were given with a genuineness that accounts, in a measure, for their publication.

Further Confirmation.—In course of conversation yesterday with Hon. J. G. Megler, of Brookfield, Washington, that gentleman told a reporter of the Astorian that there was little doubt felt now by the residents along the north shore as to the real purpose of the Hill lines to prosecute the work of the new railway down the river. That the right-of-way men were following closely upon the heels of the surveyors everywhere, from Kalama to Knappton, and closing deals right and left for the land necessary for the great improvement.

Will Start Today.—E. V. Jensen, who made the county fair such a decided success, will start the preliminaries for the fair that is to take place simultaneously with the coming regatta, in the basement of the new court house and on the ground contiguous. It is needless to say he will do all in his power to make the movement a genuine success and his previous achievements in this line add to the assurance.

Morning Astorian, 60 cents per month, delivered by carrier.
